

IN SENATE OF THE UNITED STATES.

FEBRUARY 25, 1846.

Submitted, and ordered to be printed.

Mr. JOHNSON, of Louisiana, made the following

REPORT :

The Committee on Pensions, to whom were referred certain papers relating to the claim of John England, for a pension for revolutionary services, submit the following report :

The proofs adduced in support of this claim being unsatisfactory, the Commissioner of Pensions was called upon for information in regard to it ; and it appears, from a letter addressed by him to the chairman of the Committee on Pensions of the Senate, on the 11th March, 1842, that the claim of John England for a pension, in this case, was rejected by him upon the ground that his own statement showed that he was not on military service as much as six months, and therefore not entitled to a pension.

The committee recommend the adoption of the following resolution :

Resolved, That in this case a pension ought not to be granted.
